DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on October 28, 2003 is being considered by the examiner.

Allowable Subject Matter

3. Claims 1-12 are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly disclose a semiconductor memory device as claimed, comprising: a memory cell array; a decoder unit selecting a word line of the memory cell array; a first dummy cell array connected to a first dummy bit line and disposed with the memory cell array at a first location away from the decoder unit along the word line; a second dummy cell array connected to second dummy bit lines and disposed with the memory cell array at a second location away from the decoder unit along the word line, the second location being farther from the decoder unit than the first location; a timing control unit determining timing of activation and deactivation of an internal control signal, wherein the timing control unit determines the timing of activation of the internal control signal based on a first signal passing the first dummy bit line through a corresponding dummy cell of the first dummy cell array, and determines the timing of deactivation of the internal control signal based on a second signal passing the second dummy bit line through a corresponding dummy cell of the second dummy cell array.
